

Scoring & Most-Needed Donations

Your weekly points will be calculated based on the **pounds of food and dollars** you bring in and the **size of your business**. Part-time workers will count as .5 employees each.

Number of Employees	Business Size	Pounds + Dollars Divided by...
1-10	Small	4
11-49	Medium	6
50+	Large	8

For example, a business or organization of 14 people would fall into the medium category, so if they bring in 300 pounds of food and \$60 in a week, they will earn 45 points that week. ($300/6 = 50$. One dollar equals one pound).

What happens if my team is eliminated?

You will be invited to participate an additional week in our Second Chance Shoot Out! Each week, eliminated teams will be invited to compete against the rest of the eliminated teams from the previous week. The Second Chance Shoot Out will not use the point denomination system. Instead, teams will be competing pound-for-pound, regardless of team size. This is considered a friendly side competition and is completely optional. Teams who wish to participate in the Second Chance Shoot Out should email us before noon on the Monday following elimination. Each week, one winner from the Second Chance Shoot Out will then be invited to go against teams eliminated the next week from the original bracket.

Most-Needed Food Donations

Canned meals (chili, ravioli – pop top preferred)
Canned meat (tuna, chicken, salmon)
Dry Beans
Fruit (canned, fresh or dried)
Pasta
Peanut Butter
Rice
Hearty Soups & Stews (pop-top preferred)
Canned Tomato Products
Vegetables (corn, carrots, peas)
Cereal & Oatmeal
Healthy pre-packaged snacks (not bulk)

Additional non-food items:

Size 3-6 diapers & wipes
Hygiene Items

Please note:

Although bottled water could contribute many pounds to your total, we kindly ask that you **do not** include it in your weekly donations.
